# Finally you can swim all year round!

How? With the New SunXtreme Solar Pool System from Heliocol. The SunXtreme has been over five years in the development process.

And now the world's number one solar pool manufacturer is launching this new and exciting solar technology right here at the Maricopa County Home Show. The new technology is so unique and sophisticated that many other energy industries are interested in further applications in addition to swimming pool heating. One look at the New Solar collector and you can see why this unique Technology is so efficient.

Heliocol extrudes its collector feature right inside a special Lifetime Glazing material. This Glazing significantly increases the performance of the solar pool collector while at the same time reducing solar radiation refraction during the colder months of the year. This allows solar heating during these typically colder months where solar would not have previously been able to contribute energy to the pool. The result is a longer, Warmer, Swimming season with Solar.

Another advantage of the SunXtreme is the smaller footprint needed for the solar collectors.

In many cases a small patio cover or even a block fence can be utilized to install the SunXtreme solar collectors to help them to blend in aesthetically on any property.

The new SunXtreme Solar Pool Collector by Heliocol will be on display at the SE Home Show entrance and at Heliocol's booth # 813 in the AG Bldg.

## Get Free Admission into the Home Show with 100 Club Donation

Donate a case of bottled water (24 count) to the 100 Club at the Home Show gated entrances in exchange for 2 free tickets into the Home Show. The public safety departments used to provide water to their officers/firefighters to keep stored in their vehicles which they could give to accident victims or homeless people that they came across around the valley. However, with budget cuts they can no longer do this, so bottled cases of water would not only benefit officers/firefighters, but the community as well, explains Rene Smith, Maricopa County Home Show promoter.

# Master Gardener Speaker Schedule

SPONSORED BY THE UNIVERSITY OF ARIZONA

(located in the Garden Pavilion)

Master Gardeners help to educate and advise home gardeners in their community to grow better and healthier plants. Many newcomers and inexperienced gardeners in the Valley are in great need of gardening and landscaping advice. Master Gardeners can diagnose plant problems and share their expertise with others. Bring your gardening questions and problem plant snippets to the Master Gardeners and get your green thumb growing!

website and click on the gold "discount pass" box at the top of the page and follow the instructions to start receiving your deal!

**All home improvement companies have been screened through the AZ ROC to ensure peace of mind for you and your family!**

## Not Getting a Good Night's Sleep?

Human beings spend on average one third of our lives asleep, and still, insufficient sleep is a public health epidemic. Sleep is increasingly recognized as important to public health, with sleep insufficiency linked to motor vehicle crashes, industrial disasters, and medical and other occupational errors. Persons experiencing sleep insufficiency are also more likely to suffer from chronic diseases such as hypertension, diabetes, depression, and obesity, as well as from cancer, increased mortality, and reduced quality of life and productivity. An estimated 50-70 million US adults have sleep or wakefulness disorder.\* Check out the Mattress Firm's "Sleep Center" which will have over 10 different types of mattress to nap test; various Temper-pedic's, Adjustable frames, Seally body beds and queen size self inflating EZ Beds. They will also have a "Pillow Pavilion" which will feature the new sleep technology products like *Protect-A-Bed* for mattress longevity and mattress rejuvenation. \*<http://www.cdc.gov/Features/dsSleep/>

# 14<sup>th</sup> Annual Landscape Competition Showcases

## *Fabulous Walk Thru Displays*

If you are looking for landscape ideas to make your backyard into your little slice of paradise, check out the 14th annual Landscape Competition displays at the Maricopa County Home & Garden Show! Walk through 9 fabulous 30x30 (900 sq ft) landscape that will completely amaze you! Text-vote your favorite to 53535, enter the landscaper's code that you like best and you will be entered to win a \$100 Visa gift card! If you don't text, stop by the info booth at the NW entrance, right next to the landscapes and you can vote manually! The landscape company with the most votes wins \$5,000 and bragging rights for a year!

### Advant-Edge Landscape: "Desert Tropics"

The Advant-Edge landscape display will have a unique desert / tropical theme, that will incorporate custom water features, a banco with cushions, comfortable sitting areas and seat walls all created to emphasize the relaxing atmosphere in The Valley of the Sun. Our new and unique paver and block walls will incorporate beautiful plants from our own nursery. Pineapple palms, cacti and some new and unusual plants will make this display the perfect backyard haven for Valley Homeowners.

### Perry Nelson Landscape/Irrigation: "The Grotto Hidden in the Desert"

This displays "Highlight" will be the massive 2-ton flagstone pieces (X3) that I will be using for my grotto entryway. I will need a crane to place these pieces. Walking in to this display through an array of indigenous Arizona plants attendees will be able to look in the grotto, through the waterfall, to see a tranquil pond area with a metal fireplace. Lic# 064646

### Gardener's Eden Landscaping: "Tranquility Garden"

Gardener's Eden Landscaping created an overall paradise of outdoor rooms to relax in tranquility. The paver walkway leads to a Solara Ramada set on 3 colors of travertine. Relax on the bench by the circular fire pit. A

gabion seat wall allows a view of 3 scuppers with LED lighting highlighting the water flowing over a stackstone wall into a reflecting pond. A 6 foot tall back-drop features a cementitious screen with vine varieties in between. Amongst the lounge areas, vegetated zones are intermingled between the vertical structures. ROC# 140831.

### Desert Showcase Landscaping: "Relaxed Elegance"

Step through sculpted paver walkways into the ultimate backyard oasis. See how classic design combines with modern elements using steel trellises and steel retaining walls with a natural patina. A beautiful wood beam pergola spans over the custom built outdoor eating area. A bowl style firepit adds warmth for the chilly evening and the barbeque beckons wonderful family gatherings. Gentle waterfalls fill the air with serene relaxing sounds and a zen experience. Natural flagstone pathways and bowl style planters complete the finished touch to the outdoor environment.

### Ritter Boys: "Entertaining"

This year's display integrates a large focus on entertaining. Today's economy requires consumers to plan "stay-cations" where they utilize their own yards as their getaway. Resort style patios where you can sit in front of the fireplace or grill up some steaks are becoming more and more the norm. With this design we have incorporated a functional patio setting that gives the homeowner a resort style patio for entertaining guests or just enjoying with the family. The water feature incorporates an oasis in the desert type feel that can be shared throughout the patio instead of one general location.

### Bloom Design and Landscape: "Old World Redefined"

Guests walking through this landscape will be greeted with an extensive travertine bar top and enticed to meander into the space beneath a handcrafted pergola with sculptural hanging lights that seem to float in the breeze.

Stone walls with gracious stone caps will flank the north and south sides of the space and nestle themselves against premium synthetic turf and colorful flowing flora. The sound of cascading water beyond will lure the guest into the inner sanctum where they will encounter an extravagant Italian fireplace set against a backdrop of towering trees beyond.

### Big Daddy Landscape: "Backyard features with Swimming Pool"

Big Daddy Landscape will create a landscape to show the wide variety of services we provide. At the back of the display, we will set a 16" raised patio displaying concrete pavers. In the center of the raised patio will be a small swimming pool and multiple water features with an overhead structure along one side. The front of the display will be at ground level with beautiful travertine pavers, synthetic turf, bbq, and fire features for entertaining or just a quiet night with the family. Surrounding this beautiful display will be various raised planters with plants and trees.

### Creative Boulder / Gold Canyon: "Stone Fountains"

Creative Boulder Works will be displaying approximately 20 – 30 natural stone fountains in their backyard landscape display. These fountain rocks come from all over the United States and are core drilled at our factory and made into water features for residential and commercial entranceways.

### Desert Gardens Description: "Desert Around the World"

Stop by and see amazing delights of the deserts. Your eyes will be amazed by the exotic specimen cactus, succulents and Desert flora from not only the US (Arizona to Mexico) but other exotic places such as South America, The Middle East, Madagascar and Africa. Enjoy a seat under our rustic shade structure and enjoy the serenity of our water features. The astounding colors and textures will amaze you from the plants to the beautiful hand painted Mexican pottery and garden Art.

# Officers & Firefighters Heroes Raffle

The 100 Club will have a booth at the January Home Show and will be hosting "The 100 Club Officers and Firefighters Heroes Raffle." A number of Home Show exhibitors have generously donated products and services for the raffle and customers who buy raffle tickets simply put their ticket in a box next to the item they want to win. The 100 Club of AZ mission statement is "To provide immediate financial assistance to families of public safety officers and firefighters who are seriously injured or killed in the line of duty, and to provide resources to enhance their safety and welfare". ([www.100club.org](http://www.100club.org)). Here are a few items donated that you could win:
