To be a contractor in Arizona, an entity must be licensed. Before your hire a contractor for installation work, be sure to research the company and verify that their Arizona Registrar of Contractor's License is active and in good standing by visiting [ROC.AZ.Gov](http://ROC.AZ.Gov). Often if a contractor is unlicensed, they may use subcontractors to perform the installation work, be sure to verify the subcontractors license status before agreeing to any scope of work. The Maricopa County Home Show does not guarantee the quality of work, service or product from the companies exhibiting and we do not accept any liability, express or implied, from the use of any exhibitor's products or services.

# MASTER GARDENER SEMINARS

Located in the SE Corner Red Zone

Sponsored by The University of Arizona Cooperative Extension | Maricopa County Master Gardeners

## FRIDAY, FEBRUARY 23<sup>RD</sup>

### DESERT TREES FOR THE HOME LANDSCAPE

10:30AM

Trees can provide many benefits in your home landscapes, but selecting the right tree for your location is key to providing those benefits and success. Katie will review the wonderful selections of desert adapted trees and how to select the right trees for your space.

### POLLINATOR GARDENING

12:00PM

Have you ever wanted to walk out into your yard and observe butterflies, hummingbirds, and bees? Planning your garden spaces can be enjoyable and beautiful when you know what plants and features you need to attract pollinators.

### TOMATOES

1:30PM

Tomatoes planted in February will bear sun-ripened fruit from May through June. Learn how to select and grow tomatoes in our desert climate.

### SPRING VEGETABLES AND FLOWERS

3:00PM

Spring is a wonderful time to get your gardens started. Helen will review the plants and bulbs that you can begin planting in February and March for wonderful harvests and beautiful blooms.

## SATURDAY, FEBRUARY 24<sup>TH</sup>

### COMPOSTING

10:30AM

Transforming kitchen and yard waste into compost is beneficial for growing most non-native plants. It's cheap and easy when you know the secrets. Start now to have compost ready for your spring garden!

### PRUNING TREES AND SHRUBS

12:00PM

February and March are the best times to do heavy cutting back of certain evergreen shrubs and trees. Learn what plants can be pruned when and proper pruning techniques for your trees and shrubs.

### CONTAINER GARDENING

1:30PM

We can plant and harvest something fresh to eat every day of every month here in the low desert! If you are short on space, try growing in containers. Learn the basics of watering, container selection, and planting.

### VEGETABLE GARDENING 101

3:00PM

There are 10 steps to a successful vegetable garden. Learn how to select your location, consider garden layout, select plants, and know when to plant for our desert climate.

## SUNDAY, FEBRUARY 25<sup>TH</sup>

### SUCCULENTS FOR SMALL SPACES

10:30AM

Come explore what makes a plant a succulent, their geographic origins, and why succulents are great options for indoor small spaces. You'll learn all about the light, water, and soil requirements for successfully growing succulents. Arrive before the class starts to get a raffle ticket and a chance to participate in the hands-on repotting of a succulent. These lucky individuals will get to take home the succulent they repot.

### GARDENERS KNOW ALL THE DIRT

12:00PM

Get your spring garden off to the right start by preparing your soil. Understand the importance of adding amendments and working the soil when planting non-desert adapted plants, particularly vegetables.

### SPRING CUT FLOWERS

1:30PM

Cosmos, Zinnias, and Sunflowers are garden favorites that can go in the spring garden for late spring through summer blooms. Learn about growing these beauties as well as others to create lovely garden spaces and flowers arrangements for your table.

### WHEN IS THE RIGHT "THYME" TO PLANT HERBS?

3:00PM

Herbs are beautiful plants, smell wonderful, and can be used in home cooking. The great news is that you don't need tons of space and can grow your very own herbs. Learn how and when to plant then care for herbs.
